WING OF ST. PAUL DISPATCH AT HOME COMING

EDITOR GALT SAYS NOTED CARTOONIST IN BRAINERD JULY 3

"YOU MAY BE SURE THAT BRAINERD IS ON MR. WING'S ITINERARY," SAID MR. GALT

MODERN WOODMEN NATIONAL ORGAN BROADCASTING CELEBRATION PUBLICITY

Outside newspaper publicity concerning Brainerd's 50th anniversary and home coming celebration, July 3 to 9, is now hitting on all cylinders. Brainerd will be advertised in all corners of the United States, not alone before the event, but during every day of the celebration. After that it will be carried as a pleasant memory for ages longer in the minds of all fortunate enough to be at Brainerd.

One of the most lovable personages in the world of letters and art is Wing of the St. Paul Dispatch and Pioneer Press. Some Sundays ago he started a feature page based on the towns he visited. His first was Red Wing and there he sketched some dozen or more characters and followed it with a witty narrative, and the story he wrote was every bit as good as the pictures he drew. Wing gets in those human touches with pencil and pen that only one who is versed in human nature can reproduce.

Mr. Wing was asked to come to Brainerd before the celebration in order to sketch and write his impressions. This letter shows what the St. Paul Dispatch and Pioneer Press thinks of Brainerd's celebration. H. R. Galt, managing editor, writes:

"I have yours of June 7, and you may be sure that Brainerd is on Mr. Wing's itinerary. It seems to me that it would be best for Mr. Wing to be in Brainerd July 3 while the festivities are going on, and I shall endeavor to make this arrangement. Thanking you very much for your interest, sincerely yours, H. R. Galt."

It is just as important for Brainerd to gain publicity during the celebration as before the celebration and Wing will see that Brainerd looms up in the St. Paul Dispatch and Pioneer Press.

Modern Woodmen Publicity

"A city, like a man, has just cause to celebrate when it is fifty years old. It has passed all the experimental stations, got a few honorable gray hairs, many hard knocks, and may live to be eighty in quiet contemplation that, at least, it doesn't have to endure the fever and fret of being young," says the Modern Woodmen official organ which sent out its June issue to over a million Woodmen throughout the United States.

"Brainerd, Minn., has a jubilee year and is going to let the natives and the surrounding hills hear how good it feels to be 50 years of age and proud of it. The anniversary celebration will be held the week of July 3 to 9, inclusive, and committees throughout Crow Wing county will have a hand in the plans for the big affair. Camp 2337, in common with the camps of nearby towns and Woodmen throughout the county, is taking an active part and great interest in the event."

"The executive committee of the celebration has designated a special day for the Woodmen, to be advertised as 'Woodmen Day'. Friday, July 7, was chosen for the occasion and you may know the good news was flashed to all camps swift as the crow flies. Each and every Woodman is out to make 'his' day the biggest day of the celebration and with this spirit in charge it may be foreseen that Woodmen day already is a success."

"A program covering every hour of the twenty-four is under way, and aside from the strictly jollification feature much sober thought is to be put into the day for the celebrants to take home and ponder. The lighter side of things will have its fling, but the principles of Woodcraft are going to be the dominant factor of the day's festivities."

Editor Harris of the Modern Woodman has been asked to address the throngs that will be in Brainerd on

July 7, and insofar as may be seen at present, will be there. Other speakers of prominence also will be on the scene, and attractions to suit every individual taste is the desire of the committee in charge of Woodmen day. Camp 2337 is in fine working fettle and, in its position as host to the influx of visiting neighbors, will attempt to make everybody happy and every eligible a Woodman."

"Up to press time it had not been learned if the committee had been successful in signing up the four-tongued lady, who can deliver the same curtain lecture in four different terms all at the same time, but it is thought probable that she will occupy the booth next to the champion tobacco spitter, imported from Kentucky and caught in a wild cheroot chase by a team of fearless foresters. The snake charmer and the crystal gazer were contracted for some weeks ago. There will be a radio service, of course. Oh, there will be plenty of fun, neighbor, and if you are in bailing distance of the big red poster, you'd better plan to be in Brainerd July 7. Don't forget to bring along the home folks."

16,000 at Detroit

Last year, without any home coming attraction as Brainerd offers, Modern Woodmen met at Detroit, Minn., said W. H. Cleary, and a crowd of 16,000 Woodmen, Royal Neighbors and families were there.

The mark set for Brainerd July 7, is 50,000 people in town that day. Brainerd and central Minnesota is unacquainted with a real Woodmen gathering and when the crowds roll in that day the very gates of the city will be filled.

Carnival Man in Town

"Plain Dave" Morris, the carnival advance man, was in town today and saw S. R. Adair, chairman of the executive board. The Morris & Castle shows will have from 16 to 20 attractions at Brainerd during home coming week.

"It's a clean show" said Plain Dave, "and we have no dances, not a one from the region of the Nile. A carnival must be clean as a hound's tooth these days or a company cannot do business and win the respect of the people."

Large red and blue dates are being gotten out and will bear this legend: "Morris & Castle Shows Week July 3rd. Six Big Days. 50th Anniversary Celebration. Every Day a Big Day". This will be repeated on billboards, in windows, in newspapers, etc.

Pennants Wanted

Axel Johnson, who sells cigarettes and tobacco, running his car three times a week into territory including Pine River, Mille Lacs lake, Crow Wing and Pillager, was anxious for a pennant for his car. "I can do a lot of advertising for Brainerd if I can only get a pennant to hitch to my car", said Axel. It is hoped the committee having the pennants in charge will soon have them for distribution.

Everybody Come to Brainerd

Henry I. Cohen again emphasized the fact that this home coming applies with equal force to any one interested in Brainerd, who lived here a week or 50 years. The home coming is for all Brainerd and for all who were at any time residents of Brainerd—not only for the original 'old settlers', who are the guests of honor.

Brainerd people are asked to turn in names and addresses of former residents, whether of a year's residence of 50 years' former residence.

Both theatres are running slides of the semi-centennial celebration. The one at the New Park theatre reads: "Don't sleep! Until you turn in names and addresses of former residents of Brainerd".

Send your names and addresses to the Chamber of Commerce

Meeting Tonight

The executive committees and others meet at the Chamber of Commerce this evening.

RICKENBACHER MAKES CHICAGO ON TRANS CONTINENTAL FLIGHT

(By United Press.) Chicago, June 9—Eddie Rickenbacher, American ace, landed in Checkerboard field here early today on his flight from New York to San Francisco. He plans to leave for Denver before noon.

DIVORCE COURT JUDGE HAS NERVOUS BREAKDOWN

AFTER HEARING 6,500 DIVORCE CASES HE CAN STAND NO MORE

Chicago, June 9—Judge Joseph Sabath, broken in health after hearing 6,500 divorces, clung to his faith in marriage today.

"Perhaps I should be a cynic" said the judge, who was forced from the bench by a nervous breakdown. "But I am still a roofer for marriage—only one thing—marry young."

Breaking up homes, deciding the custody of children and fixing alimony was more than his nerves could stand, the judge said.

"I don't want to go back on the divorce bench for a while" he said, "I couldn't stand it."

The judge said that when persons marry young they were usually without much money and therefore have to fight the world for a home.

"When they do that" Sabath said "They won't spend their time fighting each other. After the age of 28", he said, "persons become so self-centered that a successful marriage is difficult."

HEAT WAVE SWEEPS EASTERN CITIES

NEW YORK HAS HIGHEST TEMPERATURE OF THE YEAR; 5 DIE IN CHICAGO

Milwaukee, June 9—Two persons were overcome by heat here yesterday, and all Milwaukee mopped its brow in real distress when the temperature roared to 88 degrees. Relief in temperature was experienced when an electrical storm accompanied by rain arrived shortly before sundown. Several buildings were struck by lightning.

Hit in New York

New York, June 9—Although the day started in New York with the sun hiding behind clouds, the temperature threatened to exceed that of yesterday, the hottest day of the year with 87 degrees.

Several prostrations were reported, one man running amuck and attacking several women and children until police subdued him.

Five Die in Chicago

Chicago, June 9—Cooling western breezes brought relief to sweltering Chicago today.

Five persons died from the effects of the heat yesterday, the hottest day of the year. The temperature was 88. Ten were bitten by mad dogs and there were scores of prostrations.

A. F. L. AUTHORIZES AGGRESSIVE NON-PARTISAN CAMPAIGN

PRESIDENT O'CONNELL, OF METAL TRADES DEPARTMENT, TO OPPOSE ALL HOSTILE CANDIDATES

(By United Press.) Cincinnati, June 9.—Resolutions authorizing an aggressive nonpartisan political campaign this fall were unanimously adopted today by the metal trades workers department of the American Federation of Labor.

The resolutions directed President James O'Connell to visit all congressional districts where candidates antagonistic to the metal trades are seeking election. He was directed to take part in state campaigns where candidates are running for legislative or state offices.

WAGE REDUCTION ORDER FOR CLERKS, ETC., BEING PREPARED

(By United Press.) Chicago, June 9—Another wage reduction affecting 350,000 men is being prepared by the United States railroad labor board, it became known here today.

The reduction expected to be announced next week, comes in the face of strike threats of disgruntled workers from whose pay \$110,000,000 has been topped. The latest decision of the board will trim the pay of clerks, signal men, marine department employees, and stationary firemen.

The amount of the decrease was not divulged.

THREE MEMBERS OF GRADUATION CLASS LOSE THEIR LIVES

(By United Press.) Wausau, Wis., June 9—An inquest into the drowning of four members of the Marathon county training schools graduation class of 1922 is being held here today.

Three girls and a young man were drowned during a picnic which was being held by the graduation class on the banks of the Wisconsin river near here yesterday afternoon.

The dead are Ethel Genrick, Wausau; Margaret Bradley, of Stranfsford; Dorothy Hawks, Abbottsford, and Martin Hannerman, Wausau.

The three girls decided to go swimming, being the only one who dared to venture into the waters. Hand in hand they waded out into the stream. Suddenly they came to a step-off and were plunged into the deep waters.

MERGING RAILROADS INTO BIG SYSTEM BEING CONSIDERED

AMALGAMATION OF ROADS IS SUGGESTED BY LAWS RECENTLY PASSED

(By United Press.) Chicago, June 9.—Merging of the railroad systems of the United States to three or four groups is under consideration, William G. Bied, president of the Chicago & Alton railroad, told the United Press today.

Bied's declaration came following reports that the Chicago & Alton and the Missouri, Kansas & Texas railroads were to be consolidated.

Amalgamation of the roads is suggested by a law recently passed. Bied said, which directs the interstate commerce commission to investigate and make recommendations to railroads which would be benefited by consolidation.

The profits of a merger, according to Bied, would be economy, more thorough utilization of the railroad profits, and the strengthening of some systems by linking them to stronger carriers.

MINNESOTA CROPS IN GOOD CONDITION

ACCORDING TO FEDERAL CROP REPORTS FOR JUNE PREPARED BY STATE STATISTICIAN

(By United Press.) St. Paul, June 9.—All growing crops in Minnesota are in excellent condition, according to June federal crop reports for Minnesota, prepared by Paul H. Kirk, statistician for the Minnesota crop reporting service.

A decrease in spring wheat and barley but no change in the acreage of oats was reported. The condition of winter wheat is slightly higher than on May 1, and conditions have been quite favorable for the growth and development.

The condition of 83 per cent of normal, indicating a yield of 17.4 bushels per acre or a forecasted production June 1 of 1,745,000 bushels. The production in 1921 was but 1,238,000 bushels.

The condition of hay was reported as 95 per cent of normal.

The alfalfa acreage has been increased ten per cent over last year.

Apples are 88 per cent of normal, field peas 98 per cent, blackberries and raspberries 92 per cent, cabbage 95 per cent, onions 99 per cent, and watermelon 92 per cent.

PRESIDENT WILL BE GIVEN DEGREE BY PRINCETON 'U'

WILL ALSO MAKE DEDICATION ADDRESS OF MONUMENT MARKING BATTLE OF PRINCETON

(By United Press.) Raritan, N. J., June 9.—President Harding rounded out his brief vacation here at the home of Senator Frelinghuysen with a game of golf today.

The presidential party then left by automobile for Princeton to head the dedication of the battle monument.

The party is expected to reach Princeton just before the dedication exercises at 1 o'clock and will go to the home of Bayard Stockton, president of the battle monument committee, which has brought reality to the idea evolved nearly 150 years ago.

After an address dedicating the imposing equestrian statue of Washington, the president will be given the degree of doctor of laws from Princeton university, standing on the steps of the famous old Nassau hall where many men of international fame have been similarly honored.

OTTERTAIL FARMERS ARE SWITCHING CROPS FROM WHEAT TO RYE

St. Paul, June 9.—Farmers of Ottertail county are switching from wheat to rye crops to secure better prices for products.

This was stated today by O. P. B. Jacobson, chairman of the state railroad and warehouse commission, on his return from a trip through that section of the state.

"The dry weather in Ottertail county has continued", he said, "but the farmers are suffering no great losses because they are growing rye much more extensively than in past years. Every indication points to further planting of this crop next year to secure better returns on their investments. This will have a double effect—the advancing of prices of wheat, and the second, the assurance of good crops despite some dry weather."

BODY OF YOUNG WOMAN FOUND AT ST. PAUL BATHING BEACH

(By United Press.) St. Paul, June 9.—The body of a woman about 25 years old was found early this morning by carpenters working at Phalen bathing beach.

Coroner C. A. Anderson and police are endeavoring to find a clue as to her identity. The body had been in the water about a day. It was floating about ten feet from the shore when first seen by the workmen getting the beach and bathing house ready for the opening on Sunday. Whether she was drowned accidentally or took her own life, is not known.

PROMINENT TWIN CITY MEN HURT IN AUTO ACCIDENT

(By United Press.) Red Wing, June 9.—A. R. Ortkvist, Minneapolis real estate dealer, and president of the Minneapolis board of education; August G. Johnson, Minneapolis; and G. H. Bruens, St. Paul, were seriously injured today when their touring car turned turtle on the paving southwest of here. They were motoring to Winona.

REDUCTION OF 2ND CLASS POSTAGE RATES PROPOSED

Washington, June 9.—Reduction of second class postage rates which were originally imposed as war taxes, was proposed in a bill introduced in the house today by Representative Clyde Kelly, republican of Pennsylvania.

The bill is intended to give relief to the newspapers and magazines which have made requests to congress that the continuance of high postal rates seriously affected the entire industry.

The Kelly bill would repeal the last two of the four increases in postal rates made under the war revenue law of 1917.

WHILE EAST SWELTERS NORTHWEST IS COOL

(By United Press.) St. Paul, June 9.—While the east swelters, vacation land is cool today. Temperatures as low as 46 on the Canadian border running to a maximum of 71 were recorded here yesterday. It was partly cloudy with probable showers predicted.

This follows four days of heat in which a maximum of 80 was registered.

ADMIRAL KATO IS COMMANDED TO FORM NEW JAP CABINET

Tokio, June 9.—Admiral Kato, minister of the navy in the Takahashi cabinet which just resigned, was virtually commanded by the Prince Regent to accept the task of forming the new government.

Admiral Kato was summoned to the palace and soon afterwards word of the mandate was given out. Kato has expressed unwillingness to become premier, but it was generally believed that he would yield.

1,200,000 RAIL MEN APPEAL TO HARDING AGAINST WAGE CUT

ASK THAT WAGE REDUCTIONS BE SUSPENDED UNTIL BAD EFFECT CAN BE SHOWN

WEEK REQUIRED TO PREPARE APPEAL—WILL PUT MEN ON STARVATION BASIS

(By United Press.) Cincinnati, June 9.—Drafting of an appeal to President Harding to present the \$109,000,000 wage cuts recently ordered by the United States railroad labor board being made effective July 1, was begun here today by a special committee representing 1,200,000 shop men and maintenance of way employees of the railroads.

"Suspend the wage reductions until we have had an opportunity to prove to you and to the labor board their inequality and the disastrous effect their enforcement will have upon the workers," was to be the gist of the appeal.

A week will be required in its preparation, B. M. Jewell, head of the railroad employees department, American Federation of Labor, said today. Statistical experts of the railroad unions began preparations today of a detailed analysis of the wage and cost of living situation. This will be included in the appeal to Harding. It will show, union officials said, that the wage reductions would put the shop crafts and maintenance of way employees on a starvation basis.

BRUTAL MURDER OF SOCIAL WORKER

MISS ALICE MALLETT, ASST. MATRON OF JACKSON, MICH., CRITTENDEN HOME, IS VICTIM

(By United Press.) Jackson, Mich., June 9.—Police today were without a clue to the brutal murder of Miss Alice Mallet, 40, assistant matron of the Crittenden home for girls here.

The woman's body was found by a factory work early today. Her head had been crushed in with an axe, and her throat slashed with a razor.

The matron had put up a terrible struggle for life. Her clothing had been almost torn from her. Police say there was no evidence that she had been criminally assaulted.

Miss Mallet had lived here several years. Previous to her employment in the home, she was manager of the Y. W. C. A. cafeteria. It is believed her parents live in Oregon. The woman, police believed, was murdered some time around 10 p. m.

BIG FIRE THREATENS BUSINESS AREA IN PITTSBURG, 4 DYING

Pittsburgh, June 9.—A general alarm of fire called all the city department to the plant of the Young Paper company late yesterday.

Five men including K. P. Young, president of the company, were taken to nearby hospitals, all injured by explosions in the tar section immediately after the fire started.

The flames spread rapidly and after enveloping the paper plant jumped to the main building of the Pittsburgh Malleable Iron company where the fire made rapid progress.

Physicians who gave the injured men first aid said that four of them were so badly burned they probably would die.

Heavy Firing Reported On The Ulster Border

Belfast, June 9.—Heavy firing from the vicinity of Cassel Blaney on the Ulster border was reported in dispatches this afternoon.

It was believed an engagement was in progress about fifty miles southeast of Belfast, which is held by British troops.

THE WEATHER

For-cast for next 24 hours:
Minnesota—Unsettled tonight
and Saturday. Probably show-
ers. Not much change in tem-
perature.

\$50,000,000 for Roads
Approved by House

Washington, June 8—The postoffice
department appropriation bill was
started on its way to the president,
the house having adopted the confer-
ence report on the measure containing
the senate amendment authorizing an
appropriation of \$50,000,000 for road
work in the next fiscal year.

Talked Like a Dutch Uncle

"My father is a physician and, natu-
rally, I was opposed to all patent
medicine. So when a friend told me
to try Mayr's Wonderful Remedy for
my stomach trouble, I laughed at him.
Some months later, after my father
told me he had used all known reme-
dies in my case, I met my friend
again and he talked to me like a
Dutch uncle and finally induced me to
try it. All my symptoms have now
disappeared." It is a simple, harm-
less preparation that removes the cat-
arrhal mucus from the intestinal
tract and allays the inflammation
which causes practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. One dose will con-
vince or money refunded. Johnson's
Pharmacy.

COST OF MINNESOTA
GOVERNMENT RISES

PERCAPITA AMOUNT REACHES
\$17.80 IN 1921, AGAINST \$7.54 IN
1915, CENSUS SHOWS

Washington, June 9—Since 1915
there has been a decided increase in
the cost of the government of the state
of Minnesota, according to the federal
census bureau. The cost of the state
government in the year ended June
30, 1921, was \$43,062,885, a per capita
of \$17.80. In 1918 the total cost was
\$19,802,430, a per capita of \$8.63, and
in 1915 it was \$16,557,650, a per capita
of \$7.54.

The per capita cost for 1921 consist-
ed of \$15.75 for general departments,
interest 24 cents, and outlays \$1.83.
The total revenue receipts in 1921
were \$40,403,857, or \$16.70 per capita.
The excess of cost over receipts was
\$1.10 per capita.

Property and special taxes consti-
tuted the greater part of the revenue.
They represented 34.5 per cent for
1921, 35.4 for 1918 and 35.5 for 1915.
The increase in the amount of prop-
erty and special taxes was 21.5 per
cent from 1915 to 1918, and 65.9 from
1918 to 1921. The per capita property
in special taxes for the three years
were \$5.77, \$3.66 and \$3.15.

The earnings of general departments
or compensation facilities rendered by
state officials, represented 19.3 per
cent of the total revenue for 1921,
with 20.9 for 1918 and 17.6 for 1915.

Business on nonbusiness licenses,
which in previous years included re-
ceipts for liquor licenses, constituted
34.3 per cent of the total revenue for
1921, with 30.6 for 1918 and 33.5 for
1915. Receipts from business licenses

consisted chiefly of taxes exacted from
insurance and other incorporated com-
panies. Those from nonbusiness li-
censes comprised taxes on motor ve-
hicles and amounts paid for hunting
and fishing privileges.

The net indebtedness (funded and
floating debt less sinking fund assets)
of the state was \$8.93 per capita for
1921, \$7.61 for 1918 and \$1.18 for 1915.
The bureau said that general prop-
erty taxes varied in various states and
the best estimate it could give for
Minnesota is that the per capita levy
for 1921 was \$4.75.

dents, graduates and former faculty
members.

Senior Class Play

Fargo, June 9—Presentation of the
senior class play tonight marks the
opening of the commencement week
program at the agricultural college.

Degrees will be conferred on 42
students next Monday evening and 18
diplomas will be awarded. President
John Lee Coulter is the principal
speaker.

The alumni business meeting and
banquet will be held tomorrow and
followed by a reception at the presi-
dent's home; Hon. Paul Reinach, for-
mer ambassador to China, will give
the baccalaureate address Sunday tak-
ing on "American Ideals and Ideals."

No Necessity for Grizzling.

We grizzle every day. I see no need
of it. Whilst we converse with what
is above us, we do not grow old, but
grow young.—Emerson.

Figure this for Yourself

A tin box; a burglar; a \$1,000 bond missing.

Now here is the problem. The bond yielded
\$50 a year. How much would that investor
have saved, in ten years, if he had rented a
\$5 a year box in our Vault and kept the bond
in it. It pays to rent a box, even for one
such bond, or for insurance policies and jew-
elry.

Last
Spoonful
Same as
the First

Calumet is made under such exact-
ing conditions — packed in such a scientific
manner, that its leavening strength and purity never
vary. It retains its original strength for months
after leaving the factories.

When you tip the can to get the last spoonful,
you know your baking will turn out all right—the last
spoonful is the same as the first. This uniform quality of

**CALUMET
BAKING POWDER**

is cause for its big demand. Housewives
know they can depend upon the results obtained—
that climatic conditions or temperature cannot de-
teriorate its positive leavening power.

When you buy baking powder remember these facts—that
a uniform leavener means bakings that do not vary in
quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in
12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.

DENTAL CLINIC IN CITY SCHOOLS

Results Achieved Reveal Some Interesting Facts, as Gathered by City and School Nurse

COMPETITIVE SPIRIT IS SHOWN
Value of the Work is Very Important, Since So Much Illness Is Caused by Poor Teeth

The result of the dental clinic conducted in the schools of the city have revealed some most interesting facts. This was conducted by the city and school nurse. The dentists of the city gave their time freely making all the examinations.

One dentist had but one of the little patients to cry when he came to the dentists office and that one was accompanied by his mother. All others came alone. The competitive spirit was entered into by the rooms and the children went to the dentist in a matter of fact way.

The value of this work is most important since it is learned that so very much illness is caused by poor teeth.

A plan is now being worked out by which, it is hoped, will make it possible for the nurse to have the children cared for whose families find it impossible to meet the heavy expense. This in part at least.

Parents are urged to have the needed dental work cared for during the summer that when the clinics are again held that the averages may be better.

The following facts submitted by the city and school nurse, Miss Eula Michael, are worthy of close study particularly by parent. It shows the necessity of much work in all schools and some most particularly so.

32% of all the school children have their dental certificates.

Whittier school—50% of the school have received dental certificates. 29 are now going to the dentist. Leading rooms: Miss Irwin 64%, Miss Bird 60%.

Washington school—35% of the grade pupils have received dental certificates. 12 are now going to the dentist. Leading rooms: Miss Walsh 41%, Miss Reis 36%, Miss Lowey 36%.

Lowell school—33% of the school have received dental certificates. 14 are now going to the dentist. Leading rooms: Miss Early 58%, Miss Liljedahl 51%.

Lincoln school—32% have received dental certificates. 14 are now going to the dentists. Leading rooms: Miss Armstrong 68%, Miss Christenson 40%.

Harrison school—15% have received certificates. 26 are now going to the dentists. Leading rooms: Miss Christenson 37%, Miss Molstad 25%.

Catholic school—23% have received their dental certificates. Leading rooms: Room 8 52%, Room 2 26%.

The six leading grades:

	Per Cent
Miss Barbara Armstrong	68
Miss Sara Irwin	64
Miss Elizabeth Bird	60
Miss Mable Early	58
Room 8, St. Francis	52
Miss Judith Liljedahl	51

In three rooms: Miss Armstrong's, Miss Healy's and the eight grade at St. Francis school, all but 5 pupils

have either gone to the dental or are going at the present time.

The thing to brag about now is the number of teeth you have had pulled, they make a better showing than a mere filling.

One boy from N. E. Brainerd had seven teeth extracted at one sitting and was on time for his next appointment with never a word said.

Lester R. to Miss Madden—"When this white tooth falls out and another white tooth comes in, will that tooth fall out and a gold tooth grow in?"

LUNCHEON SATURDAY

Served by Crosby-Ironton Ladies at Crosby Armory for League of Women Voters

The Crosby-Ironton ladies are serving a luncheon Saturday at the Crosby armory for the League of Women voters.

Miss Wells from Minneapolis, president, will speak. W. C. Cobb will speak on education building. Miss Harriet Engberg, social welfare worker will speak on the Sheppard-Towner bill. Mrs. Cobb on "Why We Have a League", Mrs. J. P. Early on "Women Voters."

There will be about fourteen ladies from Brainerd attending.

BASEBALL BUNTS

The Crosby Courier has this reference to Jude Lewis, who often pitched against the Brainerd team in the old days. He is making a hit with Fargo in the Dakota League and is pitching great ball. In a recent game with Wahpeton-Breckenridge, Jude was put on the mound in the eighth inning and saved the day for the Fargo team, putting it in first place in the league. In another game with Valley City, Jude held that hard-hitting team to six hits and two scores with ten hits. Jude's many friends on the range and in Brainerd will be pleased to know of his success.

The Northeast Brainerd team defeated the Aitkin Junior 18 to 6 Wednesday afternoon, playing at the Koering grounds.

Ninth Birthday

Little David Weber, son of Mr. and Mrs. A. C. Weber, 419 Broadway north, celebrated his ninth birthday on Thursday afternoon, at his home, by entertaining nine of his boy friends. The youngsters had a merry time and did ample justice to the delicious refreshments served by Mrs. Weber. David, of course, received some nice presents.

READ THE ADS TONIGHT

COL. H. C. STIVERS DIED SUDDENLY

Former Brainerd Editor, Now of Superior Telegram, Succumbed to Heart Disease Friday

DAUGHTER HERE, MRS. C. KYLLO
On Telegram Editorial Staff 18 Years and Never Lost a Day, Wished to Make It 25 Years

Death suddenly claimed Col. H. C. Stivers, veteran editor aged 71, early Friday morning in Superior, Wisconsin. He leaves a wife and nine children by his first wife. The latter are Mrs. C. H. Kylo of Brainerd, who left for Superior Friday afternoon; Mrs. F. P. Boor of Minneapolis; Mrs. W. B. Streeter of Minneapolis; Mrs. G. C. Pitt of Superior; O. C. and G. W. Stivers of Superior; A. E. Stivers of South Tacoma; T. H. of Oakland, Calif., and W. H. of Seattle, Wash.

Col. Stivers served with distinction in the Civil war and while he was in Brainerd was a member of the local G. A. R. post. He had charge of the Brainerd Daily News in the pioneer days of Brainerd in 1882 and conducted that a half year or more. He then started the Brainerd Journal, running it semi-weekly and then weekly, up to 1898.

At Superior he was first associated with Silver Joe Konkell in conducting a labor paper.

Col Stivers then took up editorial duties on the Superior Telegram and in 18 years had never lost a day. His aim was to round out a quarter century service at his desk there.

Mrs. Kylo on Thursday received a letter from her father in which he stated he had not been feeling well and saying he was gradually getting

better. He never had a sick day in his life before that time.

His death comes as a blow to Brainerd people, for they hoped to have Col Stivers in attendance at the home coming celebration here.

PROSPECTS BRIGHT EVERYWHERE, SAYS U. S. BANKERS' CHIEF

Minneapolis, June 8.—With splendid crop prospects everywhere, easy money, abundance of credit available for everybody who is entitled to it, broadminded citizenship mixed with a little unselfishness and a reasonable amount of hard work, a foundation for the future of business will be established and America soon will forget the many serious troubles which commercial and agricultural enterprise has just passed. Thomas F. McAdams, vice-president of the Merchants National bank of Richmond, Va., and president of the American Bankers' association, said in Minneapolis today.

Mr. McAdams is a guest of Edgar L. Mattson, vice-president and trust officer of the Midland National bank of Minneapolis. He came here en route to Aberdeen, where he will attend the South Dakota Bankers' association convention. He will return to Minneapolis Friday to speak at an installation banquet of the Minneapolis chapter, American Institute of Banking, that night at Donaldson's tea-rooms. Friday he will be entertained by a party of Minneapolis bankers and will be a guest of the Minneapolis Clearing House association at a luncheon at the Minneapolis club.

"My observations in trips to various sections of the country have been that there are wonderful crop prospects everywhere" Mr. McAdams said. "All the fundamental products are as good as they ever were. The people of the United States themselves have got the

spirit of confidence. "We need cheaper transportation but we cannot afford to get it by putting the railroads in a position where their credit is destroyed. The American people have begun to realize that starvation of the railroads doesn't bring prosperity. There has been no greater contribution to the changed conditions in business than that of-throughout the country."

ferred by the railroads. They have been able to buy three times as many locomotives and cars this year as in all of 1921. This has brought employment to thousands, it has had its effect upon the value of agricultural products, it has stimulated business and generally has been reflected

First American Piano.
Evidence seems to prove that the piano was invented by Bartolomeo Christofori, a harpsichord maker of Padua in 1720. A half century later pianos were manufactured in England by German mechanics. The first American piano was made in Boston in 1822 by a firm that has continued to make that instrument for a hundred years.

Old Time Shoe Specials--All Week, June 12 to 17 Inclusive

To close out odd lots accumulated after a brisk shoe selling season we are giving you the benefit of prices such as will move these shoes and make the purchasers feel as though old pre-war prices were really here. In fact pre-war prices are backed off the boards with these specials. You will undoubtedly find just what you wish in a pair of shoes, and by consulting the table below you will quickly determine "If they have my size in what I want." We absolutely guarantee to have on hand, Monday morning, all sizes as indicated by (....) in table below.

No. 1134.
Ladies Military heel, a very serviceable semi-dress shoe
Special \$2.48

Same, in low French heel
Special \$1.89

No. 1011
Women's high cut, military heel, vici kid, Goodyear welt, black. A very neat, up-to-date and high-grade shoe
Special \$3.98

No. 8643
Women's mahogany calf, bow-tie pump, French heel
Special \$2.98

No. 1796
Women's low military heel, vici kid, cloth top, hand turned sole. A real comfort shoe.
Special \$2.79

No. 1260
Women's vici kid oxfords, black, Goodyear welts, low military heels. An excellent shoe for the girls, and especially well made and attractive.
Special \$2.48

No. 8260
Women's Martha Washington style house slippers, fresh stock, but over bought
Special \$2.48

3652 and 6564
Two numbers included to complete sizes. Women's kid, one strap, low heel house pump
Special 1.98

These shoes, with the exception of a few special lots, will not be heaped in bins or piled on tables. One pair of each number will be on display. As the correct size can be picked off the shelf in but a fraction of the time required to dig through a heap to locate the size.

It will take but a moment to determine what sizes are still to be had, and the last shoes will be in as nice and unsoiled condition as the first.

DESTROYING NOXIOUS WEEDS

Now that the state authorities have inaugurated a state-wide campaign for the destruction of noxious weeds, it is well to know that under the Minnesota laws it is the duty of every occupant of land to cut down noxious weeds and to comply with requests from weed inspectors regarding the destruction of weeds.

The state law provides that the governing authorities of cities, villages and towns take steps to have noxious weeds growing along roads or streets destroyed and the expense charged to the municipality affected.

The railroad companies are also held responsible, the law providing that noxious weeds must be destroyed on and adjoining the right of way. Threshing machines must be cleaned after being operated at different places that the spread of noxious weed seed may be avoided.

Among noxious weeds held detrimental to farming are perennial and sow thistle, Canada thistle, hare's ear mustard, toad flat, wild mustard, French weed, false flax, giant or dwarf rag weed, blue bur, blue lettuce, cocklebur, burdock, oxeye daisy, white daisy, snapdragon, sour dock, yellow dock, braberry bush, king-head and quack grass, Russian thistle, and tumbling mustard.

ST. LAWRENCE RIVER IMPROVEMENT INEXPEDIENT

THE Canadian government, through Sir Auckland Geddes, the British ambassador, has officially communicated to Secretary Hughes its position with reference to present action on the St. Lawrence river improvement project. The fact that Canada did not consider it expedient to proceed with the matter at present was stated recently by President King at Ottawa.

Ambassador Geddes' note was in reply to one from Mr. Hughes stating that the American government would be glad to take up with the Canadian government the negotiation of a treaty looking to the deepening of the waterways which would enable ocean-going ships to reach the Great Lakes. He stated, in effect, that the competent authorities of the Canadian government have not had an opportunity to give to the report of the international joint commission, and the accompanying report of the board of engineers appointed to examine the subject, that careful consideration which their importance merits. "Moreover, having regard to the magnitude of the project and the large outlay of public money involved, the Canadian government is of the opinion that it is not considered expedient to deal with this matter at the present time," said the ambassador.

WOMEN IN GOVERNMENT SERVICE

THE Republican administration, it may have been noticed, has taken an advanced step in regard to women lately. The President and the Secretary of State have ruled that women can be secretaries of foreign legations on exactly the same terms as men.

The candidates for these positions take a very rigid examination in history, languages, international law, etc., and the appointments are made from those who successfully pass, regardless of sex. Secretary Hughes has always been most fair to women, and in many cases has been the legal advisor of the suffragists. He will not discriminate in his appointments as far as men and women are concerned.

More than 1,000 women have been appointed postmasters of Presidential offices under the present administration, according to a report submitted to the President from the Postoffice Department. The President, it is stated, was much gratified at the report, and expressed interest in learning of the satisfactory work being performed by the women. Never before in the history of the postal system, it was explained, had such a large number of women been appointed to such offices.

NOXIOUS GASES IN WARFARE

It is apparent from information received at the War Department that, although a treaty was signed at the Washington Conference on Limitation of Armaments by which the United States, Great Britain, France, Italy and Japan bound themselves to adhere to agreements for the prohibition of the uses of noxious gases in warfare, several governments are continuing experiments in the preparation of poisonous chemicals for war purposes. None of the countries agreeing upon the treaty, except the United States, however, have as yet ratified the treaty, although all are expected to do so within a few months.

THE HUTCHINSON LEADER thinks that "if Congress would do the common-sense thing (which seems impossible) it would pass a law providing for the disposition of petty cases, such as many thousands of bootlegging, moonshining and other petty crimes which clog the United States district court calendars, by court commissioners, and relieve the district judges to attend to the disposal of the more important matters."

It is said that the Nonpartisan League, under the direction of Townley, its deposed boss, is actively at work endeavoring to capture as many places in the Legislature as possible. Townley is still a live wire in the political game.

VACATION FROM JANUARY TO APRIL

Minneapolis, June 7—With summer diseases being combatted successfully by the medical profession, but with winter diseases increasing, Dr. W. A. Evans, health editor of The Journal, suggested as one of the means of co-operation in health improvement that the public schools change the vacation period which now comes from June to September to the period from January to April.

Dr. Evans spoke last night on "Seasonal Diseases," before the Hennepin County Medical society, at its library on the 11th floor of the Donaldson building. Earlier in the day he addressed the women's auxiliary at the Plymouth Congregational church.

Dr. Evans, who said he had been a medical practitioner for 37 years, in his address before the society classified diseases into two groups, those of the summer and winter. Charts of Chicago health conditions from 1871 to 1920 showed that summer diseases were at their greatest height there in the decade from 1870 to 1880, with a record of 41 deaths to 1,000 population. This dropped to 12 for each 1,000 in 1920. On the other hand, his charts showed 12 deaths among 1,000 population for winter diseases between 1870 and 1880, while in 1920 the average was about 20.

Some Summer Diseases Wiped Out

The chart showed conclusively, Dr. Evans said, that summer diseases are being wiped out, and some already are wiped out, while winter diseases, including pneumonia, bronchitis and influenza, have shown great increase.

"There has been a great increase in public health in the last 75 years," Dr. Evans said. "This has been due to public health work. But while we are holding down the total death rate we should be making as much progress with respiratory diseases as with summer diseases."

"It is a significant fact that when physicians first began to practice, the summer months were demanding practically all of their time and in the winter came the rest period. Now it is reversed, and the winter months are the busy ones and summers are given to vacations. Winter diseases today are worse than they were 50 years ago."

"Public health officials should concentrate as much on winter diseases as they have on summer ones. There should be reorganization of health de-

partments and a very definite program to combat winter diseases.

Winter Vacation Proposed

"In this connection I want to make one suggestion regarding the vacation period. I believe it would be beneficial to public health if instead of having the vacation for school children from June to September we made it from January to April, when winter diseases are most prevalent. The fact that summer diseases has decreased, I believe, is due to the public's fresh air habits which are forced upon them in the summer. In the winter, however, there are modern conveniences and the stuffy homes which breed disease. Fresh air will be the cure for many of the public's ills."

"If we are to correct the evils in our public health fight, we must pay attention to housing conditions. We must take care of the air inside of the house as well as outside. We must be careful to have all of the oxygen in the air when it comes to us. Sunlight is the greatest destroyer of bacteria. But the one element in the sunlight that is the germ killer is the ultraviolet rays. If the air is filled with smoke, the sun's rays are filtered and ultraviolet rays are lost. Dust and dirt in the air are inimical to public health. Therefore, a community which does not keep its outside air clean will not have the spit on its sidewalks filtered. High buildings produce shade and prevent the sun's active work. Building codes therefore are vitally important to public health."

STATE AIR BOARD NAMED BY PREUS

St. Paul, June 9—State inspection of airplanes which will aim at illegal use of them in liquor running will be one service of a new board of aviation appointed by Governor J. A. O. Preus yesterday. It is the first state air board organized, so far as is known. The members of the board of directors of the Aero club were all appointed on the new board, and additional members will be named soon, Governor Preus said.

"Among the services of the board can be the registration and inspection of airplanes," F. B. Hubachek, president of the Aero club said. "With these functions performed by the state, liquor running by planes will be much reduced."

The board will map out aerial highways, locate landing fields and advance aviation in every way possible.

The Sign of SINGER SERVICE

SINGER SHOPS are local and readily available for your convenience as free schools of instruction in use of your machine, for supply of needles, oil, etc., and for expert hemstitching to order.

The owner of a SINGER is assured of a service impossible to catalog houses, department stores or electrical dealers.

The SINGER Portable Electric No. 99K-1

bin, similar to that of the well-known "Singer 66". A trial of its knee-lever control will quickly convince you as to its great convenience. Only a slight pressure against the knee-lever is necessary to start the machine and as you increase the pressure the machine gains speed. Any speed is readily obtained—from the slowest up to 800 stitches a minute. Think what the high speed of this machine means when you have a lot of sewing to do and want to finish it quickly. It costs little to operate—four hours of continuous sewing for one cent.

Night 7:15 and 9:00—10c and 25c

RESOLUTION

Whereas the present general sewer is inadequate, wornout, decayed and a menace to the public health of the city and whereas the funds of the treasury in the city available are not sufficient for such purposes.

And Whereas, in order to extend, relay and improve said general sewer it has become and is absolutely necessary to issue and sell the city bonds in the sum of Fifty-Thousand Dollars (\$50,000.00), to construct such extensions, enlargements and improvements.

Now, Therefore, Be It Resolved by the City Council of the City of Brainerd that the bonds of the city be issued and sold in the sum of Fifty Thousand (\$50,000.00), the proceeds thereof to be used in payment of the necessary expenses in constructing necessary extensions, enlargements and improvements of the present general sewer; and that a special election be held in the City of Brainerd, on the nineteenth (19th) day of June, Nineteen Hundred and Twenty-Two (1922), at which time the question of issuance of said bonds be submitted to the electors of the City of Brainerd and that the City Clerk prepare necessary notices and special ballot slip for the submission of the question of the issuance of such bonds to be voted upon by the said special election.

Adopted 15th day of May, 1922.
J. H. STRICKLER,
President of the Council
Approved 15th day of May, 1922.
F. E. LITTLE,
Mayor

RAILWAY EMPLOYEES PICNIC JUNE, 17TH

Necessary Transportation Equipment
Secured Through Courtesy of N.
P. Railway Co.

2 TRAINS, 9 COACHES, BAGGAGE

Refreshments on Train, Brainerd
Municipal Band and Ragadour
Orchestra Accompanying

The Northern Pacific employees picnic will be held in Glenwood, Saturday, June 17th. The committee wishes to announce that they have secured the necessary equipment for transportation, through the courtesy of the management of the N. P. railroad, consisting of two trains of nine coaches and baggage car each. The first train will leave Brainerd at 6 a. m., the second train at 7 a. m. Leaving Glenwood the first train goes at 7 p. m. and the second train at 8 p. m.

The refreshments on these trains will be in charge of Milo Rose and E. A. Hugdahl. The committee wishes to state that as far as possible all employees attending this picnic will keep the coaches in as clean and sanitary condition as possible.

The committee has secured the Brainerd City Band of 21 pieces to furnish music for the day, also Witham's Twin City Ragadours orchestra will furnish the music for the dance which will be given in the pavilion on the grounds.

Programs will be gotten out as soon as possible and distributed.
Signed—Committee

ST. MATHIAS

Sheriff Theorin was in this vicinity Wednesday of last week.

Mr. and Mrs. N. LaBlanc, Obeline and Mrs. Gene Veillette motored to Little Falls on Thursday.

Frank Pelkey made a business trip to Brainerd Friday.

The Town Board attended the meeting of the county commissioners in Brainerd on Saturday.

The basket social at the church on Sunday was well attended, the boys were all hungry, so the baskets sold high.

D. Wickman and son John motored to Brainerd Sunday.

Miss Lillie Magnan and Louis Simon went to the Uncle Tom's Cabin show Friday night.

Miss Hazel Lougee returned to her home Saturday in Ossipee.

A large crowd attended the A. F. Claus dance Saturday night and all report a good time.

The St. Mathias ball team defeated the Dykeman team at Dykeman Sunday, with the score of 5 to 4.

Frank Veillette was kicked in the face by one of his horses Monday evening. He was rushed to the North western hospital in Brainerd where the doctor found his cheek bone broken in two places and his nose crushed. He is getting along as well as can be expected at the present writing.

Mr. Milam of Minneapolis formerly of Crow Wing visited at the home of John Rogers Tuesday.

Bill Navy went to Brainerd Monday and Tuesday with a load.

Miss Lydia Welsh of Brainerd is visiting with her cousin Mrs. Gene Veillette.

A big barn dance will be given by the baseball team at the Kunde farm Saturday night, June 10th. Music will be furnished by The Wicked Five orchestra. Everybody welcome.

Mrs. Sam Lougee visited with her daughter Mrs. G. R. Koering Monday and Tuesday.

Dollar and Penny

A dollar and a penny met. The penny had a bright, clean face but the dollar was dirty but proud.

"You think you are gold but you are only cheap brass," said the dollar.

The penny replied, "I am what I am and claim to be no more."

The dollar swelled up with pride and said: "I am patriotic, I am trustworthy, I have the emblem of liberty on my bosom, and the United States government has placed these words on me, 'In God We Trust.'"

After a little doubt the penny answered: "I grant you all that, but I go to church oftener than you do."—Duluth News Tribune.

Dorcas Society

Mrs. Fredstrom will entertain the Dorcas Young Peoples society of the Swedish Bethany church this evening at their home at end of South Sixth street. A good program is arranged and the society extends a welcome to everyone.

Breezy Point Lodge

"Queen Summer Resort of the North"

Whatever it is you seek—rest or recreation and the comradeship of a worth-while people—can be had under ideal conditions at Breezy Point Lodge. A garden spot in the Northern Minnesota woods, on the sandy shores of Big Pelican Lake, near the village of Pequot.

Pleasant days of canoeing, fishing, bathing and motoring in high-powered sea-sleigh, air ship, sea plane or motor boat. Four saddle horses, a sail boat and 40 row-boats. Picnics on shores and woods.

Wondrous inland lakes and wimpling streams; jewels deep set in the forest primeval, where game fish abound, lurking the sportsman and challenge his skill.

Camp life, with its freedom and charm, where you may dress in comfortable outing apparel at all times. Evening of dancing and entertainment; moonlight trips on lakes surrounded by the fragrant balsam and pine.

Substantial buildings and bungalows, equipped throughout for light housekeeping. Also a modern hotel building and new a la carte public cafe, where meals comparable to first class dining car service may be obtained at approximately dining car rates. The entire camp has been installed with electric lights, running water and modern conveniences.

Abundance of good food, milk, eggs, fruits and vegetables. Dancing pavilion with electric piano. Weekly dances with the leading orchestra of Crow Wing county—The Pequot Picaroons. Trap-shooting, tennis, baseball and playground for the children, and other amusements.

Splendid roads for motoring through scenes of surpassing beauty. Please make reservations as early as possible. For booklet containing full information, write,

Breezy Point Lodge, Pequot, Minn.

BRAINERD TAX RATE SHOWS BIG INCREASE

Since 1912 It Has Bounded From 41 Mills to 91 Mills at the Present Time

PROBLEM IS HARD SOLVING
Every Normal Community is Struggling With Question to Greater or Less Extent

Taxes have increased in Brainerd just as they have elsewhere. Minneapolis is complaining of an increase of 160 per cent over a period of 25 years. Brainerd has seen an arc of increase too which furnishes food for thought.

In Brainerd taking city and school taxes plus the county, the total tax rate has leaped from 41 mills in 1912 to 91 mills in 1921.

For instance, a property with true and full value of \$2500, has a taxable value of \$1000 and the taxes would be \$41 in 1912. The same property in 1921 would have taxes of \$91.

Rate of Increase Traced
To trace the rate of increase in the taxes, the mills levied for city and school, and the total mills including county are given as follows:

City and School mills	Total with County mills
1912.....28.50	41.00
1913.....29.00	41.75
1914.....32.00	44.00
1915.....31.75	46.50
1916.....30.00	43.00
1917.....31.95	48.25
1918.....51.50	66.00
1919.....52.80	77.80
1920.....54.95	77.20
1921.....67.50	91.00

Example of Taxes Paid
To more clearly see the increase in the rate since 1912, a concrete example is taken of a house or property have a true and full value of \$2,500, or a taxable value of \$1000. While the taxes on the same house could not be followed this period of time, owing to the change in the valuation of property, the figures represent the taxes computed on a house which was valued, true and full, at \$2,500.

Taxes for 1912.....\$41.00
Taxes for 1913.....41.75
Taxes for 1914.....44.00
Taxes for 1915.....46.50
Taxes for 1916.....43.00
Taxes for 1917.....48.25
Taxes for 1918.....66.00
Taxes for 1919.....77.80
Taxes for 1920.....77.20
Taxes for 1921.....91.00

From 1916 to 1921 there was over a 100 per cent increase in the taxes. Two things should be borne in mind by the reader:

Taxes are paid by the renter just as certainly as they are paid by the home owner—the landlord includes the tax in the rental charge.

Increased taxes are not peculiar to Brainerd. Every normal community is struggling with the same problem to a greater or less extent.

Marriage Licenses

WHITE BLOCK TO HAVE NEW FRONT

Contractor C. B. White to Improve Building as Soon as Cooperative Store is Finished

BENEFITS LAUREL STREET
Means Much to This Section of the City. Solid Glass Front to Be Added to White Structure

When the Brainerd State bank started construction of its new bank building at Seventh and Laurel streets, it set in motion several improvements.

The Brainerd Cooperative Mercantile company started work on a new front and other improvements.

Now the White building occupied by Alderman-Maghan company, will also be improved with a new solid glass front, work to start as soon as the Brainerd Cooperative Mercantile contract of C. B. White is completed. These changes mean much to Laurel street and greatly improve the appearance of that thoroughfare. The store will have display windows on first and second floors.

"WOODROW" DIED

Arthur C. Peterson Passed Away at Deerwood Sanitorium Thursday Night

Arthur C. Peterson, familiarly known as "Woodrow" Peterson, died last night at the Deerwood Sanitorium. The funeral will be held Saturday, June 10th, at 2 o'clock from D. E. Whitney's chapel.

He leaves his father, Tom Peterson of Oak Lawn, two sisters, Mrs. A. H. Aspholm of Oak Lawn and Mrs. F. G. Cannon of Arizona; three brothers, Oscar Peterson of Brainerd, Melvin Peterson at Deerwood Sanitorium and Irvin Peterson of Alanco, Nevada; two step brothers, Theodore Dullum of Great Falls, Montana and John Dullum of Woodrow, Minnesota.

PILLAGER

Pillager held a big community day and creamery picnic June 5 and 6. Alex Karr, recognized as one of the greatest community speakers in the United States, was one of the orators. Fifteen graduated from the Pillager high school.

M. M. McNair and Frank Swanson bought a lot 300 feet square from Andrew Schilke on the south shore of Sylvan lake, where Mr. McNair is building a summer cottage and Mr. Swanson will also soon start to build. Thomas H. Parson is quite sick in the General hospital at Minneapolis.

NOTICE

The sale and use of fire works in the City of Brainerd is prohibited at this time by ordinance of the City of Brainerd. Complaints for violation of this ordinance have come to the Police Department and prosecution will follow this ordinance.

ERICK GRAFF,
Acting Chief Police

TO PICNIC AT ARMSTRONG POINT

South Long Lake Presbyterian Sunday School and Peoples Congregational Sunday School

ON WEDNESDAY, JUNE 14TH

Addresses by Rev. Walter J. Smith and Rev. J. E. Cadwell, Program of Athletic Sports, Etc.

The South Long Lake Presbyterian Sunday school and the Peoples church Sunday school of Brainerd will unite in holding their annual picnic on Wednesday, June 14, and the following program assures every one an enjoyable day.

The program will commence with a "Community Sing" at 10:30 o'clock, followed by a short address by Walter J. Smith and Rev. J. E. Cadwell.

A number of junior pupils will read their "Essays on the Value of the Sunday School."

After which a picnic dinner will be spread on the large table and all will be welcome to partake of refreshments for the inner man.

Girls' and boys' foot races, egg races, ball throwing contests, mail driving contest, tugs of war in different classes, rope climbing contest and many other minor sports, followed by a baseball game between a team from Brainerd and a team from the local community, comprise the sports program. Suitable prizes will be awarded for the contests and a very enjoyable day for those who go for the pleasure and recreation such an opportunity affords. The point offers a fine opportunity for bathing and boats may be hired giving every one an opportunity for variety in recreation and pleasure.

Conway Tearle at New Park

"A Wide-Open Town," Selznick picture starring Conway Tearle, which is the attraction at the New Park on Friday and Saturday, at once suggests the gambling story. Those who see the photoplay, however, will discover that the gambling interest is by no means paramount.

The story, written by Earl Mitchell, has to do with the refinement in the caldron of adversity of a youngster born in unhappy environment in order that he may become a big, strong, outstanding character in the everyday life of an average community.

CAUSE and EFFECT

Chiropractic goes several links farther back in the chain of cause and effect. While the germ theorist stops at the susceptibility of the patient, the chiropractor says that the susceptibility is a result of a lack of vital power or mental impulses, due to pressure on a nerve caused by a misaligned vertebra; and that when the vertebra is adjusted, the normal powers will again flow over the nerve, the effected will again become normal and the disease germs and every other incidental effect will disappear.

DANCING PARTY AT LUM PARK FRIDAY

Tall Cedars of Lebanon and the Blue Lodge of Aurora Lodge No. 100 Unite in Social Function

BLUE RIBBON ORCHESTRA PLAYS

All Masons and Their Families and Eastern Stars are Invited to Attend Same

The Tall Cedars of Lebanon and the Blue Lodge of Aurora No. 100 will give a dancing party at Lum park on Friday evening, June 9. The Blue Ribbon orchestra will play.

All Masons and their families and Eastern Stars are invited to attend the social function. Dancing will continue from 9 to 12. The committee in charge of arrangements includes Harry J. Carlson, J. F. Elkins, R. R. Gould, W. Heddon and Albert J. Elison.

Invitations to attend the dancing party have been extended to Masons and their families of Crosby, Atkin, Pipe River, Staples and Little Falls and replies received many will come from these towns.

Beware of Corsets!

A bone in corsets recently caused the death of a young woman who was skiing in Switzerland. She fell over a ledge into deep snow. The bone pierced her heart and she died immediately.

"YOU WILL DO BETTER AT HALL'S"

A Tone of Unquestioned Superiority

THE INSTRUMENT OF QUALITY
Sonora
CLEAR AS A BELL

In no feature does Sonora excel to a greater degree than in tone. Throughout the entire range and breadth of musical expression—whether voice, instrument or full orchestra—Sonora vindicates itself as the phonograph of the most accurate and beautiful shading, the most resonant, clear, bell-like quality of tone.

No better demonstration of Sonora's superiority can be asked than that "The only jury which heard and tested all the phonographs" at the Panama Pacific Exposition awarded Sonora the highest score for tone.

Hear Sonora—that is enough—before you buy any phonograph.

Prices \$50 to \$3,000

HALL MUSIC HOUSE

A Dollar a Day!

It doesn't sound like much and you may not think it worth while to deposit so small a sum in a savings account but a dollar a day, in three short years, amounts to more than \$1,000.

If you can't save more than a dollar a day, set your mark at that and stick to it. We will add interest and our Savings Department will co-operate with you helpfully.

Brainerd State Bank

Brainerd Minnesota

Capital \$50,000.00. Surplus \$20,000.00

AMUSEMENTS

Constance Talmadge in "Scandal"

An interesting note in connection with the Constance Talmadge feature, "Scandal," which will be the featured attraction at the Lyceum theatre for tonight only, is the settings of the Vanderdyke home, where Beatrix, the spoiled daughter of the family, queens it over every member of the household.

The Vanderdyke place in real life is none other than the beautiful estate of Commodore E. C. Benedict, at Greenwich, Conn., which was placed at the disposal of Miss Talmadge and her director, Charles Glynn, by Commodore Benedict himself. In fact, so interested was the well known yachtman in the picture that he also furnished his famous steam yacht, the Onida, for a number of equally important scenes in the story.

Pearl White in "The Broadway Peacock"

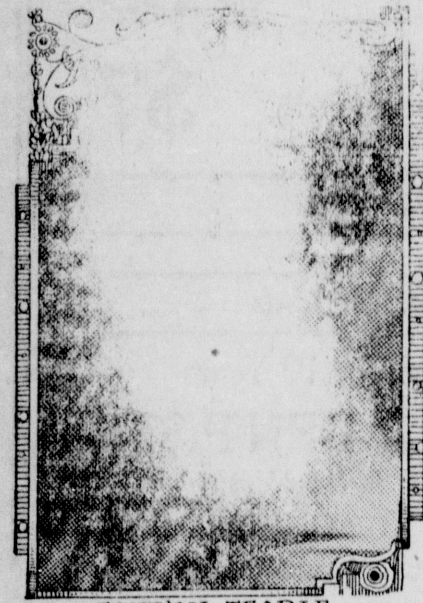

In the cast of "The Broadway Peacock," Pearl White's latest success, produced by William Fox, is one of the most extraordinary girls in pictures. She is Doris Eaton, who plays an ingenue part in the picture, and can weep real tears at the mere order of the director. A rare accomplishment, as every director knows. Showing at the Lyceum Saturday.

"Blue Blood and Red"

George Walsh, the daring film star, will show the audience at the Lyceum theatre Sunday how a spoiled son of the rich can ride a bucking bronco as well as drive a snorting roadster. Mr. Walsh does this in the adventure-some Fox photoplay "Blue Blood and Red," which will be shown at the above mentioned theatre on Sunday, matinee and night. Mr. Walsh is fortunate to have so capable an actress as Miss Doris Pawn play the role of the heroine.

"A Wide-Open Town"

"A Wide-Open Town," Selznick picture starring Conway Tearle, which is the attraction at the New Park theatre Saturday, at once suggests the gambling story. Those who see

the photoplay, however, will discover that the gambling interest is by no means paramount.

The story, written by Earl Mitchell, has to do with the refinement in the caldron of adversity of a youngster born in unhappy environment in order that he may become a big strong outstanding character in the everyday life of an average community.

"The Contrast"

"The Contrast" Labors own picture which is to be shown at the New Park theatre Monday and Tuesday evening, June 12th and 13th, was written by John W. Slayton, whose patient years of promotion work, has made it possible. He is well fitted by his years of experience in Labors struggle to give us such a picture as

"The Contrast". This story deals with the situation not unlike the present unrelentless open shop drive against labor and labor organizations. "The Contrast" was made under the splendid direction of Guy Hedlund. His years of experience beginning with the old Biograph, combined with his talent as an actor, his insight into life and its problems, supplemented by a keen dramatic sense makes of him the best possible choice to direct the first picture made by organized labor.

Helen Gibson in Person

Miss Helen Gibson will appear in person with her latest production, "The Wolverine," at the New Park theatre, next Sunday. "The Wolverine" is a worthy picture for a star of Miss Gibson's ability and daring. The story is taken from the well known book by B. M. Bowers, "The Ranch at the Wolverine."

In "The Wolverine" you will see things that are out of the ordinary in the usual type of picture. There is a fight that will make you gasp for breath; a fight that will hold you in suspense and wonder at the outcome. There are scenes that will carry you away and moisten your eyes. You will see action that will make you grip your chair in suspense and comedy relief that will make you hold your sides with laughter.

Valentino Bigamy Case Will Be Re-Opened

(By United Press.) Los Angeles, June 9—Dissatisfied with the verdict of the justice who freed Rudolph Valentino, movie actor, on a charge of bigamously marrying Winifred Hudnut, perfume manufacturer's daughter, District Attorney Woolwine plans to reopen the case, according to indications here today.

Woolwine's plans were revealed when several witnesses in the original case against Valentino were subpoenaed to appear today before the grand jury.

The district attorney refused to announce what his course would be, but said he is taking measures to prevent others from making similar marriages. "Dismissal of the complaint in justice court against Valentino by no means signified final adjudication," Woolwine declared.

Condemned Murderer Gets 2 Weeks Reprieve

(By United Press.) New York, June 9—Her fists raw and bleeding as a result of having beaten on the doors and walls of Sing Sing and her voice scarcely audible because of her prolonged calls that the life of New York's youngest murderer be saved, the mother of Angelo Timberello, 18, today worked frantically to make a temporary stay of sentence permanent.

Laying siege to the prison gates shortly before her son and three others were to be sent to death on the electric chair at 11 o'clock last night, Mrs. Timberello pounded, kicked and yelled until prison officials in desperation sent the chaplain to quiet her. Shortly afterwards, and a few minutes before the young slayer was to begin the death march, a reprieve of two weeks was granted by Governor Miller.

PRESIDENT GUEST OF NEW JERSEY SENATOR

Washington, June 8—President Harding slipped quietly away from Washington today for Raritan, New Jersey, where he plans to spend a few hours in "absolute rest" as a guest at the home of Senator Frelinghuysen.

Tomorrow he will go to Princeton to deliver the principal address at the dedication of the Princeton battle monument early in the afternoon followed by another address, that of acceptance of the degree of doctor of laws which is to be conferred upon him by President Hibben of Princeton.

The presidential party will return to Washington late tomorrow night.

ARMENIANS HAVE REAL BOY SCOUTS

(By United Press.) Constantinople, June 9—When Chauncy T. Lamb, lumberman of Hinsdale, Ill., visited Constantinople recently on a Mediterranean cruise, he and other members of a tourist party were met by refugee boys organized as boy scouts.

As a result, the boys won a gift which provided tents for some of the 1,500 Armenian orphans who have been formed into scout troops by relief workers.

The scouts, Lamb learned, serve as disciplinarians among the 10,000 children in Near East Relief orphanages at Constantinople. Most of them are from destroyed villages and have been gathered in by relief workers, after prolonged wandering in the hills, living upon roots and stems of vegetation.

BODY OF MAN FOUND ON INDIANA SAND DUNES

(By United Press.) Porter, Ind., June 9—Authorities today were baffled by this mystery:

The body of a man was found on the sand dunes at Chesterton, near here. It was burned beyond recognition. His clothing nearby contained \$15.00. In a suit case labeled "Anderson" was a revolver and a complete radio set was in the vicinity.

Baseball Magnate Dies

(By United Press.) Chicago, June 9—James C. Dunn, president and founder of the Cleveland Indians, died at his home here today. He had been ill for several months with a complication of diseases.

Liquid Air Explosive.

When liquid air, containing from 40 to 50 per cent of oxygen, is mixed with powdered charcoal it forms an explosive which is said to be comparable in power to dynamite, and can be exploded by means of a detonator. This explosive has been tested in coal mines. The liquid air evaporates so rapidly that the explosive cannot be stored, but must be used within a few minutes after it is prepared.

Chapped hands and faces needn't bother. MENTHOLATUM soothes and heals chaps and chilblains quickly and gently.

Is "Deceased" Man Dead?

A Jeffersonville woman, who formerly lived at Greencastle and supposed that is the reason she was chosen to receive the letter, has received a communication from a resident of Putnam county, of whom she had never previously heard, asking for information concerning the writer's brother, who lived in Jeffersonville for many years, reports the Indianapolis News. The writer said she had not heard from him for five years, and letters had brought no answer. She sent a registered letter at last, she said, and it was returned to her marked "deceased." "I should like to know," she said, "whether he is dead." The answer went back. "He is, since November, 1919." But the woman believes the Post Office department should be more explicit.

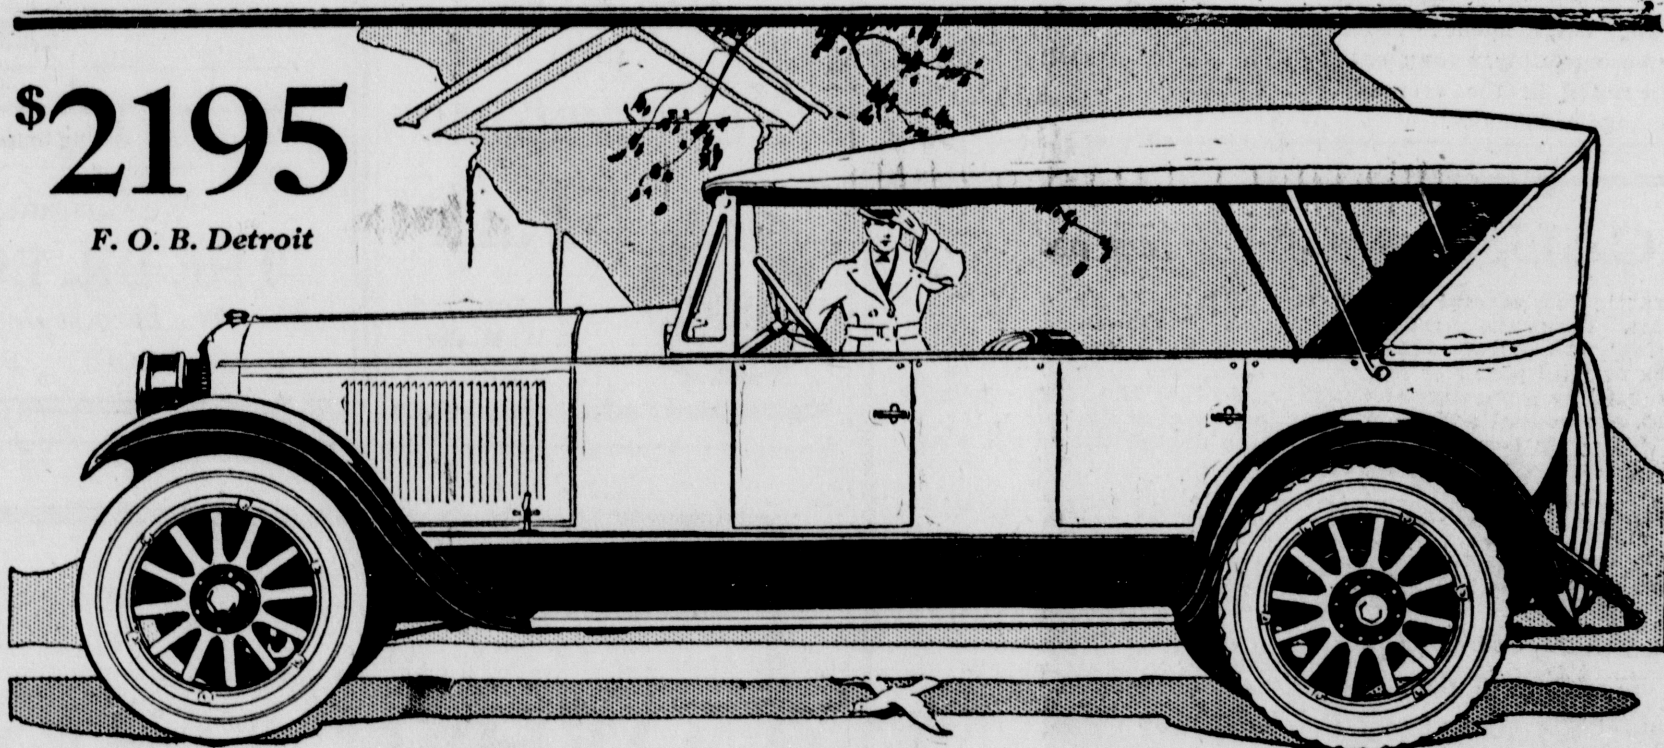

Found Red Dye in Fruit.

A German medical journal reports the injury of a young girl at Frankfurt from the point of a hypodermic needle which she swallowed while eating a blood orange. Investigation developed the fact that the needle had been filled with a red aniline dye.

The girl, it seems, had purchased a dozen of the oranges. These were examined and it was found that all contained an injection of the same nature. It appears that frauds of this sort are no novelty in Germany. Similar cases often having been reported—the chemical transformation of ordinary oranges into fake blood oranges.—From Le Petit Parisien, Paris. (Translated for the Kansas City Star).

The Master of the Highway Will Make Your Other Motoring Experiences Seem Tame

As the 6-66 speeds away you lose all sense of road contact. For that, you can thank six mighty cylinders that develop 70 horsepower and function with the ease and smoothness of a giant turbine.

The 6-66 offers the fullest degree of motoring comfort because it was designed along strictly modern lines with ample margins of strength and power.

You can best appreciate it by making direct comparisons with cars that cost from \$4,000 to \$5,000. In active demonstration on the

road or quietly parked among the nation's best, the 6-66 will convince you that it belongs to no price field—acknowledges no competition on a basis of dollar-for-dollar value.

That is why it is known as the undisputed Master of the Highway.

That is why the Paige Daytona Model 6-66 holds every stock chassis speedway record from 5 to 100 miles.

And that is why it is the soundest and safest of all fine car investments at the greatly reduced price.

CATARRH OF THE STOMACH

YOU CAN'T ENJOY LIFE with a sore, sour, bloated stomach. Food does not nourish. Instead it is a source of misery, causing pains, belching, dizziness and headaches.

The person with a bad stomach should be satisfied with nothing less than permanent, lasting relief.

The right remedy will act upon the linings of the stomach, enrich the blood, aid in casting out the catarrhal poisons and strengthen every bodily function.

The large number of people who have successfully used Dr. Hartman's famous medicine, recommended for all catarrhal conditions, offer the strongest possible endorsement for
